Subject: 2012 EHF "Rinck" Convention Open Master Coach and Licensing Course
- 3rd module

Dear Handball Friends,

The EHF is very pleased that after the 1st module also the 3rd one of the 2012 EHF "Rinck" Convention Open Master Coach and Licensing Course successfully took place in Belgrade / SRB from 3 – 9 December 2012. The organisation of such a seminar is a big task which would be impossible to fulfil without the support of the local officials. Therefore the EHF Executive Committee, in particular President Jean Brihault and Jerzy Elias, Chairman of the Methods Commission, want to express their gratitude for the support given by the Serbian Handball Federation and for the great hospitality.

They as well as the other EHF representatives were impressed by the brilliant organisation. With this course again (after January 2012) new standards were defined in particular in the areas of professional organisation, event dressing and hospitality.

Especially we would like to thank the OC with their chairman Zoran Lazarevic and his staff for their excellent job in organising the course and being a strong partner in the cooperation with the EHF.

The EHF will now prepare a documentation of the said course, which will be distributed to the National Federations and published in the internet (<http://activities.eurohandball.com>) as well.

Looking forward to our next meeting we remain with best regards

EUROPEAN HANDBALL FEDERATION

Jean Brihault
President

Michael Wiederer
Secretary General
